

## ERM4HCI 2014 Program

- 09:00 – 9:15            Get Together
- 09:15 – 09:35            Welcome
- 09:40 – 10:00            Introduction W3C Community Group
- 10:00 – 10:30            Coffee Break
- 10:30 – 12:00            Session *Emotion Detection* (20' + 10')  
(Chair: Kim Hartmann)
- An Initial Study on Analyzing Structured Video Interviews by Using Multimodal Emotion Detection  
(*Lei Chen, Su-Youn Yoon, Chee Wee Leong, Michelle Martin and Min Ma*)
  - Classification within the Corpus of Social Touch  
(*Siewart van Wingerden, Tobias Uebbing, Merel Jung and Mannes Poel*)
  - Emotion Expression and Conversation Assessment in First Acquaintance Dialogues  
(*Patricia Paggio*)
- 12:00 – 13:30            Lunch Break
- 13:30 – 15:00            Session *Human-Machine Interaction* (20' + 10')  
(Chair: Ronald Böck)
- A Design Platform for Emotion-Aware User Interfaces  
(*Eunjung Lee and Byung-Soo Kim*)
  - A Model to Incorporate Emotional Sensitivity into Human Computer Interactions  
(*Sweetly Ramnani and Ravi Prakash Gorthi*)
  - Detection of emotional events utilizing Support Vector methods in an Active Learning HCI scenario  
(*Patrick Thiam, Sascha Meudt, Markus Kächele, Guenther Palm and Friedhelm Schwenker*)
- 15:00 – 15:30            Hot Topic Collection and Plenary Discussion
- 15:30 – 16:00            Coffee Break
- 16:00 – 17:00            Plenary Discussion  
(Chair: Kim Hartmann & Ronald Böck)
- 17:00 – 17:30            Summary and Closing
