

CALL FOR LONG AND SHORT PAPERS

ICMI 2020 UTRECHT

22nd ACM International Conference on Multimodal Interaction
Utrecht, The Netherlands, Oct 25-29, 2020

The 22nd International Conference on Multimodal Interaction (ICMI 2020) will be held in Utrecht, the Netherlands. ICMI is the premier international forum for multidisciplinary research on multimodal human-human and human-computer interaction, interfaces, and system development. The conference focuses on theoretical and empirical foundations, component technologies, and combined multimodal processing techniques that define the field of multimodal interaction analysis, interface design, and system development.

We are keen to showcase novel input and output modalities and interactions to the ICMI community. ICMI 2020 will feature a single-track main conference which includes: keynote speakers, technical full and short papers (including oral and poster presentations), demonstrations, exhibits and doctoral spotlight papers. The conference will also feature workshops and grand challenges. The proceedings of ICMI 2020 will be published by ACM as part of their series of International Conference Proceedings and Digital Library.

Important dates

Paper submission
May 29, 2020

Reviews to authors
July 15, 2020

Rebuttal due
July 20, 2020

Notification of
acceptance
TBA

Camera-ready
paper
TBA

General Chairs

Khiet Truong, University of Twente, NL
Dirk Heylen, University of Twente, NL
Mary Czerwinski, Microsoft Research, USA
